KAIROS COOKIES FROM CAKE MIXES

Any flavor cake mixes can be used. Flavors such as strawberry, lemon, pineapple and chocolate add variety to the cookies for the weekend.

Mix together:

1 box cake mix

2 eggs

1/3 cup oil

The dough should be very thick. If it is too thin, the cookies will break easily. ONLY if necessary to wet the cake mix, add up to 1 tablespoon of water.

Drop on greased cookie sheets and bake at 350 degrees for 10 to 15 minutes. Let them cool completely (overnight if possible) before putting in plastic bags.
